• GRU 019U - Double Black, Double Polled. 019U is one of the younger bulls in the bull sale but don't over look this bull. He may be one of the very best. 019U is stout, thick, deep ribbed and moderate framed. Note the low birth weight and excellent EPD's. 019U's dam died this year and we considered her one of the most productive cows at Grund Beef Genetics. 019U's maternal brother sired the Highest Gaining Bull in the history of the Tipton Bull Test in Georgia.

• GRU 625U - Double Black, Double Polled. 625U is a full brother to Lot 1 and was raised by a 2 year old heifer that was in a pasture that had limited rainfall. The dam and sire of these flush mates are proven and predictable. We love the genetic makeup of these bulls.
