• Camp 1A Lance V103 is the lead off bull out of our herd sire Camp 1A Lancer GC 482P. He has that "front pasture" look. He long bodied, long necked, smooth shouldered, square made, with bone and muscle. The dam of this bull is "Dina" a foundation matron of our program. She is second only to Crystal in total sales of one cow, now being well over \$100,000. She is now deceased but here is your chance to own her last natural son. Look at the picture, look at the EPD's and then you will know why we like her so well. By the way Dina's tag number her entire life was #1, pretty fitting!

CAMP 1A Lance V106

• Camp 1A Lance V106 - A 1A Lancer son that has the stretch and grow like none other. This bull is out of a Romeo cow that we have tested OS Free. Here is your chance to add all the positives (they are endless) of Romeo, without the worry that he is a OS carrier. His EPD profile is in the top half of the breed for 8 of the 10 listed EPD's, and those 8 he is top 17% for 6. Ask us how to search that for the highest regarded bulls in the breed and you will find he is very elite for his Expected Progeny. Buy with confidence here.

CAMP 1A Lance V118

• Camp 1A Lance V118 - Here is another 1A Lancer son that is long as a train. Very balanced EPD profile, works on anything. Note the double positive carcass traits, note the 22 milk and the 38 total maternal. You get both worlds, terminal and maternal. Very rare.

CAMP 1A Lance V116

1A Reg. #: 1340837 Tatoo: V116

• Camp 1A Lance V116 - Another Lance son that is a heifer bull for sure. By the way who ever buys those first calves out of your heifers may want to keep the resulting heifers for replacements and feed the steers, because he has awesome carcass EPDs.
